

**U.S. 60 Water District
New Meter Contract**

Applicant's Name _____ Phone _____

Mailing Address _____

Service Address _____

1. Applicant hereby applies for water service from the District upon the terms and conditions set forth in this contract.
2. Applicant will, at the time of signing this contract, pay to the District the following non-refundable tap on fee, **\$1000.00 for 5/8 x 3/4 " meter, \$1275.00 for 1" meter**. Applicant also agrees to pay, at the time of signing this contract a **deposit in the amount of \$75.00**, which is refundable upon termination of water service and payment of all accounts owed.
3. Applicant agrees to purchase water service under rates, policies, rules and regulations fixed by the district and approved by the Kentucky Public Service Commission. Copies are available for inspection at the District's office in Bagdad, Kentucky.
4. Applicant agrees to pay the District's minimum monthly water bill as soon as the meter is installed by the District and water is made available to the meter, regardless of whether Applicant connects to the meter.
5. The meter will be set on Applicant's property adjacent to the side of the road. If Applicant's property is on the opposite side of the road from the water line, the service will be run under the road. Except for the first 50 feet, Applicant will be required to pay the cost, if any, of extending the District's distribution line.
6. Applicant grants District a perpetual easement over Applicant's land to install, construct, maintain, repair, and remove existing and future water pipelines, appurtenant facilities, and meters, the right to read those meters, and the right of ingress and egress for these purposes over Applicant's property.
7. Applicant will install and maintain at Applicant's expense a service line which shall begin at the water meter and extend to the dwelling or other point of use on Applicant's premises. The service line shall be constructed of materials rated at a minimum of 200 PSI water pressure. Applicant will be responsible for all water loss occurring on Applicant's side of the water meter.
8. Applicant assumes responsibility for any damage to the water lines and meter which occur during Applicant's connection to the meter.
9. Applicant agrees to provide without cost to the District any properly signed record able easements required by the District for the installation and maintenance of the District's water transmission or distribution lines and appurtenant facilities, existing and future, provided such lines and facilities cross Applicant's real estate and are either adjacent and parallel to the right of way for a public roadway or are adjacent and parallel to Applicant's property boundary.
10. A separate meter shall be installed for service to each residential or business unit. Applicant will not permit anyone else to connect to the District's water line and meter or Applicant's service line without the prior written consent of the District.
11. Applicant acknowledges the need to avoid contamination of the District's water system by introduction of foreign water, and therefore Applicant agrees that Applicant's present water supply, if any exists, will be disconnected prior to connecting to the District's water system. Applicant will not connect to any other water supply while connected to the District's water system.
12. Applicant is responsible for the cost of repairing all damage done to meter tops (covers) regardless of who causes the damage (except damage caused by the District). Applicant is cautioned that many meter tops are damaged by power lawn mowers and run over by vehicles.
13. If Applicant's account becomes delinquent, Applicant agrees to pay the District's attorney fees and costs incurred in collecting that account.
14. By signature hereon, Applicant acknowledges that he/she has read the foregoing, received a copy thereof, agrees to be bound by same, and acknowledges that this is the entire agreement between the parties and that there are no oral agreements between parties.

Witness the hands of the parties this _____ day of _____, 2016.

SERVICE LINE REQUIREMENTS

Regulation 815 KAR 20:050 as it relates to KRS 318:134 requires that a plumbing permit and inspection be obtained for a new meter service or water service that is to be replaced. The purpose of this is to insure non-toxic materials are not used and that no cross connections exists that could be harmful to the customer as well as contaminating your water system.

When you apply for a new meter and your property is less than 10 acres, we will need your permit number from Division of Plumbing. If you are over 10 acres, we will need either the permit number or a copy of the exemption certificate from the Division of Plumbing. **The fee to inspect all service lines is \$40.00**, payable at time contract is signed. Your meter will be placed in the box only after inspection has been made and approved by Company personnel.

By signing below, you agree to the following service line requirements:

1. Service line shall be at least 30 inches in depth; first six inches of backfill shall be minus of rock.
2. Service line will be PVC pipes at least 200 PSI.
3. Cut off valve shall be installed for your use in case of a leak in your line. This valve shall be located behind the meter on the customer's side.
4. Copper or brass fittings shall be used when connecting to the meter or valve.
5. **LEAVE SERVICE LINE UNCOVERED UNTIL THE WATER CO. HAS INSPECTED THE LINE AND UNLOCKED YOUR METER.**
6. **YOUR FLAG MUST BE POSTED IN ORDER TO SET METER. IF SERVICE TECH ARRIVES AND YOU FLAG IS NOT VISIBLE, YOU WILL THEN BE PLACED AT THE BOTTOM OF THE LIST TO HAVE YOU METER SET.**
